

Welcome

SCME

Micro Nano Tech Conference 1

Industry Presentation I&II

SCME

- 0930-0945 Jeb Flemming – Life Bio Sciences (Live Presentation)
- 0945-1000 David Arney – 3M (Virtual Presentation)
- 1000-1015 Ed Spivak – NM Optics (Live)
- 1015-1030 John Krieg- Plextronics (Virtual)
- 1030-1045 Break
- 1045-1100 Terry Sullivan – HT Micro/MEMPro/Abq Economic Dev (Live)
- 1100-1115 Ray Tsui – Raydis LLC (Live)
- 1115-1130 Joe Ward – RJA Dispersions (Virtual)
- 1115-1145 Paul Behrendsen – Senda Microtechnologies (Live)

Who you are

The logo for the Scientific and Commercial Mission Engineering (SCME) program, featuring the letters 'SCME' in white on a golden gear-like background.

SCME

- Jeb H. Flemming
- Chief Engineering Officer
 - Life BioScience
 - 11 employees, 3 technicians
 - 4 years
 - Previously at SNL

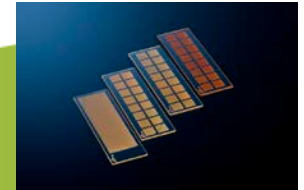

Companies' Technology

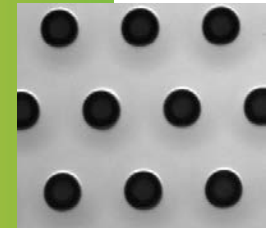

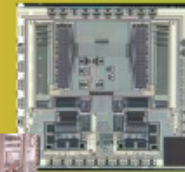

SCME

Novel Glass Ceramic

Life Science Tools

Microfabrication /
Electronics Packaging

Advanced Concepts

Technician/Educational Needs

The logo for the Society for Career and Management Education (SCME), featuring the letters 'SCME' in white on a golden gear-like background.

SCME

- What LBSI looks for is diversity in education, demonstration of thoroughness in execution, ability to switch research very fast, resourcefulness in learning new information/tasks, self taught.
- Being a small business LBSI looks for a blend of old school manufacturing and small tech processing
 - Machine shop work vs. IC manufacturing
 - Build capability vs. purchase capability
- Ask the right questions.....

Future Glimpse

The logo for the Science, Computing, and Manufacturing Education (SCME) program, featuring the letters 'SCME' in white on a golden gear-like background.

SCME

- Our custom IC packaging manufacturing business is starting to take off.
- Launching life science products within next 6 months
- Anticipate 2-4 technicians over the next 18 months.
